Lady's Eyes!*

Mary Kay can
help you shop
this Christmas!

for the Fellas!

Alright guys! Here's your chance to have your "sweetie" thinking you are the most romantic man on the face of the earth! **Mary Kay** has come up with a gift idea called the **12 Days of Christmas**. I will deliver to you, no later than December 13th, twelve individually wrapped & tagged gifts. One for each day before Christmas. The gift tags will specify the gift for each of the twelve days - for example: On the tenth day of Christmas my true love gave to me ten nails caressing. Every gift is something to make her feel like the special woman that we all know she is. You will romance her by giving her one beautifully-wrapped gift each day, perhaps at the breakfast table or on her pillow as a continuing reminder of your love for her. Can you imagine her reaction when she realizes she is not going to get one, but twelve gifts? And the best part is that I can custom design gift sets at various prices to include cosmetics, body care, nail care, & fragrances all from **Mary Kay**, which you may not realize is the "Best Selling Brand in the Nation!"

I can come up with a wonderful gift set based on what she has and likes that is sure to please her and will meet your needs too, based on what you want to spend. Our Ultimate Collection is \$275, the Classic Collection is \$195 & the Standard Collection is \$125. Each set includes gift wrapping, delivery to you and my 100% satisfaction guarantee. Plus, you have the option to pay by Master Card, VISA, check or cash.

Aside from the 12 Days of Christmas, I can also customize a gift set based on any price you determine from \$30 and up!

If you want to browse yourself for something to get her - my website is _____ . There are plenty of gift ideas to be found here.

You can get ahold of me by phone at _____ , or you can order on-line through me at _____ . I hope I've given you some ideas! Please let me know if I can help you be a **STAR** this Christmas!
