## Would You Like To Have Peach Smoothie Success With \$1,000 Weeks Back-2-Back-2-Back???

*You will find that certain times of the year women tend to be busier than others! Filling in with "Silent Hostesses", or book show Hostesses, will give you the additional income/sales that you desire during those busy times! Why not have "others" do the work for you?? Imagine the results, the sales, the income, the bookings, and the growth of your business if you just committed to this for one month and coached your Hostesses to be successful?*

*I personally love to call prospects to book a Class or Facial (as my first booking attempt) and use the Peach Smoothie Fun Pack as a third attempt if I cannot overcome their objections to book the Class or the Facial. \*If your prospects want to help you but "time or location" is an issue—then this is perfect!! Best of luck to you on back-2-back-2-back \$1,000 weeks! I know you can do it!! Love, Sarah*
